EVAR Case Vignette/Iliac Case Vignette

Advisory committee: Boston Scientific Corporation

Practice Development II: Freestanding IR Practice

Advisory committee: Boston Scientific Corporation

PAD III: Infrapopliteal Interventions

Disclosed no conflict of interest.

PAD III: Infrapopliteal Interventions

Disclosed no conflict of interest.

Sean Wiley,

Hands-on Fluoro Workshop

Consultant: St. Jude's Medical; Consultant: Surgpro; Consultant: Navilyst; Advisory committee: WL Gore

Christopher Willett, MD

Radiation Therapy

Disclosed no conflict of interest.

David Williams, MD, FSIR

Treatment of Chronic Venous Occlusions

Advisory committee: Boston Scientific Corp; Independent contractor: Gore; Independent contractor: Cook Inc

Potpourri of Pearls

Disclosed no conflict of interest.

Potpourri of Pearls

Disclosed no conflict of interest.

Joan Wojak, MD

Technical Considerations in IA Treatment - Pearls and Pitfalls

Disclosed no conflict of interest.

Farrah Wolf, MD

Adrenal Neoplasms: Safety and Effectiveness of CT-guided Ablation in 26 Patients

Disclosed no conflict of interest.

Humberto Wong,

CTA, MRA & Cardiac Imaging (Hands on)

Disclosed no conflict of interest.

CTA, MRA & Cardiac Imaging (Hands on)

Disclosed no conflict of interest.

Wade Wong, MD

Standard: Vertebral Augmentation, Current Techniques and Devices

Speaking and teaching: Medtronic Care Fusion Vertoss

Advanced: Vertebral Augmentation, Current Techniques and Devices

Disclosed no conflict of interest.

Bradford Wood, MD

Navigation Tools & Video Games in IR & Interventional Oncology (New in 2010)

Intellectual property rights: NIH; Other: NIH Cooperative Research & Development Agreement with Philips; Other: NIH Shared Intellectual Property with Philips & Traxtal, Inc; Other: Supported by Intramural Research Program of the NIH; Other: CRADA with Biocompatibles; Other: CRADA with Celsion Corp

David Woodrum, MD, PhD

MR-Guided Trans-perineal Laser and Cryoablation of Locally Recurrent Prostate Adenocarcinoma Following Radical Prostatectomy

Disclosed no conflict of interest.

David Woodrum, MD

SIR Foundation Research Policy Division Meeting

Disclosed no conflict of interest.

Press Conference Rehearsal

Disclosed no conflict of interest.

Press Conference

Disclosed no conflict of interest.

Robert Worthington-Kirsch, MD, FSIR

Vein Clinic I: (Hands on)

Independent contractor: Vascular Solutions; Consultant: Vascular Solutions; Speaking and teaching: Vascular Solutions

Wayne Yakes, MD, FSIR

Treatment of Vascular Anomalies

Disclosed no conflict of interest.

Treatment of Vascular Anomalies

Disclosed no conflict of interest.

Ethanol embolotherapy management of pelvic arteriovenous malformations

Disclosed no conflict of interest.

Takashi Yamanaka,

Combination Therapy of Chemoembolization and Radiofrequency Ablation for Hepatocellular Carcinomas : Relationship between ablative zone size and treatment interval

Disclosed no conflict of interest.

Ren Jie Yang,

Preclinical Research and Imaging in Transcatheter Therapy

Disclosed no conflict of interest.

Dominic Yee, MD

Clot Management II: Acute Arterial Thromboembolic Disease

Consultant: Atrium Medical; Consultant: Medtronic

Clot Management II: Acute Arterial Thromboembolic Disease

Consultant: Atrium Medical

Standard: Vertebral Augmentation, Current Techniques and Devices

Consultant: Medtronic; Consultant: Atrium Medical

Advanced: Vertebral Augmentation, Current Techniques and Devices

Consultant: Medtronic

Clot Management II: Acute Arterial Thromboembolic Disease

Consultant: Atrium Medical

Clot Management II: Acute Arterial Thromboembolic Disease

Consultant: Atrium Medical

John York, MD

SIR Foundation Evidence Based IR Committee Meeting

Disclosed no conflict of interest.

Steven Zangan, MD

Potpourri of Pearls

Disclosed no conflict of interest.

Potpourri of Pearls

Disclosed no conflict of interest.

Steven Zegar,**Hands-on Fluoro Workshop**

Salaried employee: AngioDynamics; Board membership: Academy for Radiology Physician Extenders

Hands-on Fluoro Workshop

Disclosed no conflict of interest.

Pharmacology

Disclosed no conflict of interest.

SIR Clinical Associate Committee Meeting

Disclosed no conflict of interest.

Yue Zhang,**Intra-Procedural MRI-Monitoring of Irreversible Electroporation for Targeted Ablation of Liver Tissues in a Rodent Model**

Disclosed no conflict of interest.

Jia Sheng Zheng,**Comparison of Diagnostic Sensitivity of C-arm CT, Digital Subtraction Angiography and 64-Slice CT in Detecting Small Hepatocellular Carcinoma**

Disclosed no conflict of interest.

Xiaoli Zhu, PHD**Indications, Complications and Outcomes of G2 Retrievable IVC Filters in 765 Patients: A Single Institute Experience.**

Disclosed no conflict of interest.

Bruce Zwiebel, MD**Endovascular Repair for AAA (Hands On)**

Disclosed no conflict of interest.

Endovascular Repair for AAA (Hands on)

Disclosed no conflict of interest.

Non Oncologic Embolization

Disclosed no conflict of interest.

Christopher Zylak, MD

Carotid Interventions (Hands on)

Disclosed no conflict of interest.

Carotid Interventions (Hands on)

Disclosed no conflict of interest.

Film Panel Rehearsal

Disclosed no conflict of interest.

Carotid Interventions (Hands on)

Disclosed no conflict of interest.

Carotid Interventions (Hands on)

Disclosed no conflict of interest.

Film Panel

Disclosed no conflict of interest.

Carotid Stenting: What would you do?

Disclosed no conflict of interest.

Case Presentation #1

Disclosed no conflict of interest.

Interventional Radiologists should be providers of catheter directed stroke therapy

Disclosed no conflict of interest.

Overview of the Evidence for Acute Stroke Treatment: IA Pharmacomechanical Therapy

Disclosed no conflict of interest.

Technical Considerations in IA Treatment - Pearls and Pitfalls

Disclosed no conflict of interest.
